Price list	Date 03. November 2021		
Description of Article		**Article-No.**	**Price €**
Battery Tester and Charger *curatio* APL-4 Batteries are connected via 4 mm plugs with program memory inside the APL-4.		10090	1.190,-
Battery Tester and Charger *curatio* APL-4 Batteries are connected via 15-pin d-connector with external program memory.		10091	1.240,-
Battery Tester and Charger *curatio* APL-4 48V Batteries are connected via 4 mm plugs with program memory inside the APL-4. Charging voltage up to 45,0V. Charging / discharging current 2 x 3,0A.		10094	1.900,-
Battery Tester and Charger *curatio* APL-4 48V Batteries are connected via 15-pin d-connector with external program memory. Charging voltage up to 45,0V. Charging / discharging current 2 x 3,0A.		10095	1.900,-
Battery Tester and Charger *curatio* P4 2,2A Batteries are connected via 4 mm plugs with program memory inside the P4.		10010	545,-
Adapter with 15-pin d-connector to 4 mm plugs for connection to the APL-4 with external program memory. Program memory in 15-pin plug casing.		10350	28,-
Special version Battery Tester and Charger *curatio* APL-4			
Battery Tester and Charger *curatio* APL-4 Batteries are connected via 15-pin d-connector with external program memory. **Part charge** to a programmable percentage of the battery capacity. Including PC software *curatio*WIN3 and USB cable.		10082	1.640,-
Battery Tester and Charger *curatio* APL-4 Batteries are connected via 4 mm plugs with program memory inside the APL-4. **Part charge** to a programmable percentage of the battery capacity. Including PC software *curatio*WIN3 and USB cable.		10084	1.640,-
Battery Tester and Charger *curatio* APL-4 48V Batteries are connected via 15-pin d-connector with external program memory. Charging voltage up to 45,0V. Charging / discharging current 2 x 3,0A. **Part charge** to a programmable percentage of the battery capacity. Including PC software *curatio*WIN3 and USB cable.		10083	2.190,-
Battery Tester and Charger *curatio* APL-4 48V Batteries are connected via 4 mm plugs with program memory inside the APL-4. Charging voltage up to 45,0V. Charging / discharging current 2 x 3,0A. **Part charge** to a programmable percentage of the battery capacity. Including PC software *curatio*WIN3 and USB cable.		10085	2.190,-
